

Statement of company Laser Integration Laser Application GmbH

Laser Integration Laser Application GmbH is a certified company (ISO 9001 and ISO 13485) and is therefore obliged to comply with all currently valid legally binding Regulations and Directives. This includes the

- **REACH regulation -**
Registration, Evaluation, Authorization and Restriction of Chemicals (EC) No. 1907/2006 – both 'Candidate List' according to Annex XIV and 'List of Restricted Substances' according to Annex XVII - including respective amendments/updates
- **CLP Regulation -**
Classification, Labelling and Packaging of Substances and Mixtures (EC) No. 1272/2008 - including the respective amendments/updates - related to substances of category 1A and 1B - Annex VI Part 3
- **PoP Regulation -**
Restriction of production, placing in the market, storage, and use of substances listed in the convention of Stockholm about persistent organic pollutants (EG) 2019/1021- including the respective amendments/updates,
- **RoHS Regulation – (EU/China)**
Restriction of the use of certain hazardous substances in electrical and electronic equipment (EC) 2011/65/EU - including the respective amendments/updates,

China RoHS II regulation- SJ/T 11363 – 2006 - including respective amendments/updates,
- **Toxic Substances Control Act (TSCA) Section 6(h) - US**
Restriction published by U.S. Environmental Protection Agency regarding the importation and use of five persistent, bio accumulative, and toxic (PBT) chemicals - including the respective amendments/updates,
- **Conflict Minerals Regulation**
establishing supply chain due diligence obligations for Union importers of tin, tantalum, tungsten, their ores and gold from conflict and high-risk areas (EC) 2017/821 - including respective amendments/updates,

- **Waste Directive** - (EC) 2008/98 - including the respective amendments/updates,

The requirements of the American **Dodd-Frank Act Sec. 1502** are also complied with in the sense of a transparent supply chain.

The company Laser Integration Laser Application GmbH assures in this context that:

- no semi-finished products are purchased from companies located outside the EU,
- no substances or mixtures in the sense of the REACH regulation are manufactured,
- no semi-finished products, auxiliary and operating materials are purchased that contain SVHC substances that are included in the so-called '**Candidate List**'.
- no semi-finished products, auxiliary and operating materials are purchased that are listed in the **POP regulation**,
- no semi-finished products, auxiliary and operating materials are purchased falling under **China RoHS II** regulation,
- the restrictions set out in the REACH Regulation for '**Restricted Substances**' are complied with.
- no alloys containing lead are purchased.
- no semi-finished products are purchased that contain gold, tin, tungsten or tantalum (e.g. as alloying elements) or consist entirely or partially of these elements.
- no hazardous waste is generated during the services performed by Laser Integration Laser Application.
- no semi-finished products, auxiliary and operating materials are purchased that contain substances listed in the **TSC Act**.
